Review Draft Trails Plan with CVRPC

The draft final report was presented by Clare Rock and comments/revisions were made by the Committee. Several maps were presented that would potentially be included in the final plan/report. Cabot Trails Implementation Program table (2-5 years) was presented. We agreed to meet on **March 25, 7 pm** to work on this. In the meantime, the table was also placed in Google Docs for editing purposes. Committee members should give thought to this prior to the March 25 meeting. Clare also provided an example implementation program from the Town of Woodbury.

Committee Membership

All Committee members and officers agreed to continue in the current year.

Field Reports

Two landowner permission forms were signed for the Cabot Winter Trail (Birmingham and Nally). Other members were reminded to continue working to get the rest of the permissions completed. Paul and Gary walked some of the Talbert trails in the sugarbush. More mapping work needs to be completed as well as acquiring landowner permission on two adjacent parcels.
