1. Call Meeting to Order – the meeting was called to order at 5:30 p.m.
2. Approve Agenda 5:30: Kampf/Young – A motion was made by Fred with a second by Matt. Motion carried.
3. Review of Complaint – Mr. Kampf has entered the complaint. Mike asked Frank to summarize his complaint. Frank said it does not give him pleasure. He would not do this for an instance. It is a regularly occurring instance, that negatively impacts his family. He has had 4 encounters, one of which was night. It is not acceptable to have dogs run at large. His outside Mike asked the location of the house.
4. world is limited. Irene – if you look at a map.

Rich and Allison then stepped up and submitted three more testimonies. Based on the instance of his dog Mary on the school bus. We had an electrical issue. The school bus came up at that time and the dog ran to the bus. She has a training collar and when Allison pushed the button she responded. Richard lives in fear when the Kampfs come by immediately wants to check where the dogs are. Mary is the yellow lab, Bella ran out today. Today Allison do the chores, she was placing in other kennels and when Frank came out Bella ran out.

Mike said he knows how hard it is to keep dogs. In the end we are responsible for our animals. Sometimes it is hard to get along with neighbors including dogs.

Richard said that they are not vicious. A woman named by Jane said if they come out her, she just tells them to go home. If his exchange student would meet her dogs. He did a video of her coming home and when she went into her own property, Frank's dog jumped on her.

Matt – we talked of mediation, just want to know if there is been anything regarding mediation.

Mike wanted to know if Frank would like to do mediation.

Frank – letter had a few things and he is not interested at that time.

Mike – we need to get along with each other.

Irene – we are not ably to walk the dogs are not consistently contained.

Matt – There is a burden of proof – on occasion due to unforeseen circumstances, he is in violation of the dog policy. Was their a violation if they were running at large.

Mike – we took a look at the ordinance. Is there any more that you can contain the dogs.

Alisson – install a permanent fence and we will do and have plans to do this.

Dog Ordinance - Running at large

Fred – because is happened more than once. Any dog is going out and scaring dogs, have to look at it.

Ian – from his point of view, they are neighbors and start over. He has had dogs on his property. He is outside when he is out. I would suggest meet the dog and have her meet Alisson and Rich and get to know the dog and maybe she would not be scared.

Richard – last time when we were here a person took a picture that was 20' away. That same neighbor had their two dogs run

Frank – He has problems with dogs running at large. We walk our dog and afraid to walk the dogs. All he wants is to have the dogs not run up the road. The fence worked. I would be happy to containment a containment system.. I am not here to complain about a rare occasion. It has happened consistently on a regular basis.

Richard – he is guilty for two occasions. He is going to go out the road.

Ian – even if he puts up a fence he feels that it is going on. Warning and a fine.

Put up a fence up now and contain them.

Kampfs should meet the dog.

Frank – I have never said that the dogs are mean or aggressive. Dealing with phobias – he has to lock his dogs in the basement. He feels that he is dealing with once aspect and

Mike – ordinance – warning, fence, keep the dogs contained. Suggest work out with a mediator. Give a warning and suggest that they put up a fence ASAP and work together. Mike, Ian.

Frank wants a copy of everything submitted
